WHITESBURG SCHOOLS OPEN AUGUST 29TH THIS YEAR

The Whitesburg Grade and High School will open Monday morning at 8:00 o'clock on August 29th. Only Freshmen are to be enrolled in the high school on Monday. The Sophomores, Juniors and Seniors will enroll on Tuesday. Regular high school classes for all high school students will begin Wednesday. Buses will start their runs at 7:00 o'clock on Monday and Tuesday.

The high school will have a greatly enlarged curriculum this year, adding several new courses: Sociology, Physical Education, Economics, General Business, and Art. The enrollment of both grades and high school is expected to increase, making a possible total of over 1100 students.

Several new teachers have been added to the high school faculty. They are Ruth Edmiston Harrison, Jason Holbrook, Mrs. Blaine Polly, Junior Proffitt, and Venon Whitaker. The teachers who will return are Hugh Adams, Pauline Amburgey, Edgar Banks, Carlice Breeding, Paul Boggs, William Collins, Viola Cook, Bonnie Day, Ann Dugan, Isaac Hogg, Ray Pigman, Vera Raleigh, Leonard Stallard, Jeanette Lewis and Ruth Tolliver. We feel that this group of teachers is exceptionally fine and it promises a successful school year.

The grade faculty will be much the same as last year with one addition, Mrs. Viola Moore. The others are Gladys Adams, Minerva Adams, Sarah Adams, Cora Addington, Dorothy Brown, Oma Fields, Cora Frazier, Madeline Harter, Ruth Rice, Virginia Vermillion and Mrs. Jan Walters.

The lockers for high school students will have combination locks this year so no student need to purchase a lock before coming to school. The lock will be loaned as a part of the rental price of the locker. The use of combination locks will eliminate lost keys and damaged lockers.

We are looking forward to the new school year with eager anticipation. The new gymnasium should prove a great asset to our school and the Physical Education program will benefit our entire student body.

Principal.

Whitesburg Scout Leader Named To National Office

A Whitesburg leader in Scouting activities has been elected to the National Council, Boy Scouts of America. The election took place at the annual meeting held recently in Boston, Mass., and is for a one-year period.

The Whitesburg man is Virgil Picklesimer, who is vice-president of Lonesome Pine Council, chairman of the area camping and activities committee, and district chairman of the Letcher District.

Other Scout leaders of Eastern Kentucky elected to the National Council are B. P. Bogardus of Pikeville and J. T. Parker of Wheelwright.

TO THE VOTERS OF LETCHER COUNTY:

I desire to take this method of expressing my thanks to my many friends for their loyal support and effort in my behalf. This race for Jailer was conducted in a manner that gladdens my heart. It is my cherished hope that the next election will be conducted on the same plane and I feel that it will be. If this should be the case, regardless of whether I win or lose, I will never regret that I entered politics. Please remember that I am, and will remain, the same Harve Hall.

Sincerely,
—HARVE HALL.

Raids Net Officers Beer, Slot Machines

Two slot machines seized by officers on Cumberland River recently will be destroyed today (Thursday) and beer taken in the same raid will be turned over to the state for re-selling, according to County Judge Arthur Dixon.

The raid took place August 10 when Constable Jody P. Adams and his deputies raided a place operated by Lowell Parrott on Cumberland River near the airport. The two slot machines and a small quantity of beer was seized.

Parrott confessed and paid a \$250.00 fine in county court.

On August 8 Constable Adams and his deputies raided a place operated by Algo Bargo on Cumberland River and seized one slot machine, two cases of beer, and two shotguns. The case came up for trial today (Thursday).

Young Man Slain Near Thornton

Bert (Sonny) Bates, about 24, was shot and killed near Thornton last night (Wednesday), according to Jailer John M. Adams, and Jesse Earls is being held in the county jail in connection with the incident. A brother of Earls, Ernest Earls, is being sought by officers this morning. Reports were not complete at this writing and cause of the shooting was not known. Young Bates has been the operator of a roadhouse at Thornton for some time and was recently fined in County Court for selling beer. A 30-day sentence imposed at the time of the trial was appealed by Bates. The slain man was a son of Hennie Bates, also of Thornton.

TO THE VOTERS OF LETCHER COUNTY:

I desire to extend my sincere thanks to my many friends who supported me for clerk in the August 6th primary. I especially wish to thank my opponents for the gentlemanly way in which they conducted their campaigns and assure the people I have the friendliest feelings for all. And if elected your clerk, I shall endeavor to render you the best and most courteous service possible.

Most sincerely,
—CHARLIE WRIGHT

IMPORTANT NOTICE

Mr. A. R. Barber, District Manager of the Kentucky & West Virginia Power Company, announced today that, "In order for us to improve our service to our customers in Jenkins, Burdine, McRoberts, Fleming, Neon, Hemphill and Deane, it will be necessary for us to have the power off in the above mentioned towns on Sunday, Aug. 21st, from 9:00 A. M. until 11:30 A. M., E. S. T."

We regret the inconvenience which this will cause our customers in these towns but due to the load growth in this section of our territory it has become necessary to install larger equipment in our Fleming Station so that we may give adequate service to all.

Statement From G. Bennett Adams

Mayking, Ky.,
Aug. 17, 1949.

To the People of

I am indeed grateful to the Republican Party for giving me the Nomination for the office of County Judge without opposition. I'll do my best to carry on in a way that you will never regret it.

Now, I ask all the people of this great county to give me their support and help as I go forward in the fight for a better county in which to live, for good clean county government, for a business administration, for fairness and justice to all—four years of such service that will be to the upbuilding and progressive growth of Letcher County.

My health is better and I hope to be seeing you all before the election in November, and with kindest regards to all,

—G. BENNETT ADAMS.

BAD BRANCH FALLS VISITED BY ENTHUSIASTIC TRAVELERS

The magnificent and awe-inspiring beauty of our own lofty Pine Mountain was brought home to a group of Letcher Countians once again on Friday of last week when Mr. and Mrs. Jim Hunsaker invited Mr. and Mrs. W. P. Nolan to journey with them to Bad Branch Falls and to the lofty peak of High Rock.

The four left Whitesburg about 1:00 p. m., and made the trip in Mr. Hunsaker's trusty Jeep over a road recently made by loggers to within about a half-mile of the beautiful and rugged falls. After leaving the Jeep the group went around a hill, clinging to small bushes and even once doing a Tarzan trick by swinging by a grapevine to a ledge several feet below.

To the men's surprise, Mrs. Hunsaker and Mrs. Nolan were able to keep up with them. As the four made their way above the falls the sun was shining beautifully and it was indeed inspiring to view this veritable fairyland of natural beauty.

The water streams constantly down the rugged mountain-side and seems to come from nowhere, since there is not a great deal of land above the falls. Some people think the mountain is practically hollow and that the water forced upward by pressure comes out to make this swiftly flowing stream.

We wouldn't try to tell where it originates but it is a fact that a wonderful stream of pure water is practically going to waste at Branch Falls and that our county, with a few thousand dollars, could have a scenic drive around the top of the mountain that could not be surpassed in this section of the country anywhere.

The Great Smokies would be no competitor at all to Letcher County. Our state and county should take inventory of potential playgrounds and help bring added thousands of dollars to Southeastern Kentucky and help it get its share of the tourist trade. One trip to Bad Branch Falls alone

will convince anyone that we here in Letcher County really have something to offer in scenic attractions. After their trip to the falls, the group went back up the creek, wading in the cool stream and stopping often to drink the clear, sparkling water that came over the rock crevices and ledges, and started on their final venture, the trip to High Rock.

The four drove up the hill about four miles, passing the abandoned logging camp and noting the great pile of sawdust that had been made from the timber operations recently completed. They saw beautiful lofty ledges, cliffs, and caverns that would fill Floyd Collins with inspiration if he were here today.

They drove within about a mile of High Rock, once more alighting and taking to the small path that leads to High Rock. The winding trail goes over some of the most rugged terrain in the county. They reached High Rock about 5:00 p. m., and were once more deeply impressed with the unsurpassable beauty of the setting. High Rock towers above the surrounding country like a huge sentinel and seems as if it were placed there for the sole purpose of inspiration to mankind.

The travelers looked thru field glasses and picked out many familiar homes, businesses, and landmarks miles and miles away in all directions. This trip is one that any Letcher Countian would long remember if they only took the time to make it.

Going back to the Jeep, the group drove out of the deep woods and into an opening where they made a campfire in the middle of the road and had hot coffee and fried chicken and all the trimmings. After eating they made their way back to civilization, tired but happy and inspired.

Letcher Countians should never stop until these and other natural wonders are made accessible to our own people as well as to tourists and other travelers.

County Fair to Feature Displays In Store Windows

One of the activities planned for the 14th annual 4-H Clubs and School Fair to be held September 30 is a window display contest and each club to enter will receive at least a \$5.00 prize, according to County Agent, Robert H. Fike.

The displays are to be placed in Whitesburg store windows not later than 6:00 p. m., Thursday, September 29, Mr. Fike states, and the contest is open to 4-H Clubs, Homemakers Clubs, Home Economics Clubs, and others. The displays are to be judged by a committee of UK extension workers.

Prizes for the 4-H Clubs will be \$12.00, \$8.00, \$6.00, \$4.00, and \$4.00. Homemakers Clubs will receive prizes of \$10.00; \$8.00, and \$6.00. Other clubs receive \$5.00 for their displays. Each club may have only one display, Mr. Fike said.

The Fair will be held at the Whitesburg High School, Friday, September 30, and will feature, among other events, a spelling bee. The spelling contest will be directed by Hazel Whitaker, teacher at Stuart Robinson. Homer Davis, attendance officer at Jenkins schools, (chairman), Pearl Nolan, Whitesburg, and Willie Quillen, Neon.

The spelling bee is divided into three different contests, one for grades three and four, one for grades five and six, and one for grades seven and eight. Prizes will be \$2.00 and \$1.00 for each contest.

The committee in charge of the entire fair is D. W. Little, chairman, and Jesse Holbrook and Myrel Brown assisting him. The committee is currently preparing a fair handbook and County Agent Fike asks that the citizens of Letcher County support the fair by helping in any way they can.

Robert B. Collins Thanks Voters

I wish to take this means of extending my sincere congratulations to Mr. Hassel Stamper on his nomination to the office of Sheriff of Letcher County on the Democratic ticket. I will support him 100 percent in his race this fall and hope that he will be victorious.

Although unsuccessful in my race for the Democratic nomination for Sheriff, I bear no ill-will toward anyone. The voters of Letcher County have selected a good man and their wishes are my wishes. I urge all my friends and acquaintances to support him this fall.

Again I thank all those who supported me and extend my congratulations to Mr. Stamper.

Sincerely yours,
—ROBERT B. COLLINS

Fleming Schools To Open Aug. 29th

The new school year for all the schools of the Fleming system will begin Monday, August 29, according to Professor William B. Hall, and all entering freshmen are to report to the high school on Thursday, August 25, to take a series of achievement tests.

It will be necessary, Mr. Hall said, for each freshman to bring his eighth grade diploma. This will have to be presented before the student can take the test, he stated.

The bus will take students to and from the school, Mr. Hall reported.

Thanks To The People of Letcher Co.

It would be a real pleasure to be able to tell you in person how I enjoyed visiting you in your homes and thank you for your kindness, courtesy and hospitality you showed me during my campaign. It was indeed a pleasure that I shall not soon forget.

I want to thank you from the bottom of my heart for your support and for everything you may have said or done to make possible for me to secure the nomination for County Court Clerk.

I will strive with all that is in me to never betray your confidence in any way, as I so deeply appreciate this honor and feel so indebted to the people of Letcher County.

As you realize I still am in need of your help and trust that my many loyal friends of both parties will help me and give me their support in the November election and if elected, I will serve you in such a manner that you will never have any cause to regret that you helped me.

Hoping to see as many of you as possible before the final election. Many thanks to you all again, I am,

Your servant,
—Troy W. Frazier.

Enoch R. Holbrook Thanks Voters

I would like to take this opportunity to thank each of you for your support in my behalf in the recent campaign. I would further like to thank my opponents, Judge Sandy Adams and Mr. J. M. Webb for the splendid and honest manner in which they conducted their campaigns. If elected to the office of County Judge in November, I shall do everything in my power to bring about honest and efficient government during my tenure of office.

Again thanking all of you, I am,

Respectfully,
—Enoch R. Holbrook

BACK TO BETHEL

(Gen. 28th and 35th Chapters)
Do you ever, go back to, Bethel,
To the Place, God heard your prayer.
Can you say, as did, Jacob,
"Surely, the Lord was there."

If, you have never known, "A Bethel,
When your pillow seemed, a stone
Where you, wrestled weak and helpless,
Like Jacob, weary and alone.

If you have known God's presence,
Never wrestled, with the Lord.
If, for you, there is, no Bethel,
You, should surely, read God's word.

When I feel lonely and discouraged,
Back to "Bethel" I go.
To MY BETHEL in a woodland,
Sweet assurance there, I know.

Off I, wander back, to Bethel,
Where my sins were all, forgiven;
There, to me, is REALLY "Bethel,"
Where, my soul was cleansed, for heaven.

When my way is, dark and thorny,
And heaven's Pathway is not, clear
My thoughts wander back, to "Bethel"
Where, God drives away, all, fear.

At Bethel, Jacob saw the ladder;
Saw, the angels, come and go.
On the ladder, reaching heaven
Where no sorrow, I, will know.

On that ladder, seen, by Joseph,
I am traveling, day, by day.
And the top, is swiftly, nearing.
Sorrow, soon will pass, away.

I am traveling on, that, ladder
Though my steps are weak and slow,
God prepared for me, that, ladder
Where, the angels, come and go.

"Hallelujah" to Jesus who died, on the tree
To raise up, this ladder of mercy for me".
O! hasten the moment when, I shall ascend,
The top of, that ladder, where trials, all, end.
—REBECCA JONES.

EDITORIAL

AN OUTLINE FOR PROGRESS

In this week's Eagle is an article describing a trip a group of Letcher Countians made to Bad Branch Falls on the head of Cumberland River. We wish to take this means to once again emphasize the importance and the possibilities the natural scenery of Letcher County possesses.

It is not a vain or boastful thing to say that we here in Letcher County have much to be thankful for in the way of scenic attractions. We have beautiful scenery and to those who say we are blowing our own horn, let us say that we have something to be proud of.

But we should not be selfish. We should let the world know that we have these attractions and we should urge the world to come and see them. It is not an idle boast to state that we have potentialities for a prosperous tourist trade here in Letcher County and we should, by all means and methods, cultivate it.

Again people may say we only want the tourist trade for the money the tourists will bring to our county. They will say we are greedy. But it is not greed that makes any citizen want his community or his section or his state to be more prosperous. It is only natural that the progressive person wishes money to come into his town and county. It is definitely not greed, but progress, that urges every citizen to try to make life more abundant for himself and his children.

We will continue to urge the people of Letcher County to go forward. We will keep asking that they develop the natural endowments with which they are blessed. We shall try and try again to have them do their utmost to make Letcher County a prosperous and progressive county.

One of the most effective ways of doing this, we firmly believe, is to develop the tourist attractions and promote facilities to take care of the tourist trade. We have the materials, given to us by nature, for such an enterprise, and with a little work and money of our own, we can improve the lot of Letcher Countians substantially as well as showing the world what we have in scenic beauty.

A TRUE STORY . . .

(From The Grass Lake, Mich., News)

Once upon a time, there was a poor soul who bought himself a weekly newspaper and after he bought it he was even poorer.

As he walked down the street one day, a lady came up to him and said, "Why don't you ever print any personal news? Your paper isn't worth a plugged penny." He walked a little farther and a man said to him, "Your paper wouldn't be so bad if you'd put something in it besides personal news." And then he met another man who said, "I owe you some money for that stove I advertised in your paper but I didn't sell it and I don't see why I should pay you."

When he got back to the shop, a lady called up and gave him "holy ned" for leaving out her grandmother's maiden name in a news item she had sent him. Two more people called up and said they hadn't been getting their paper since they moved and, no, they hadn't sent out change of address cards. What was a publisher for, anyhow?

Then a man came in and wanted two million posters printed but he wouldn't spend more than \$3.50,—what kind of a gyp joint was this?

Just as the publisher was getting ready to hang himself with his necktie from one of the rafters, he dropped dead from overwork.

By and by, a new man bought the newspaper and when the people read it they sniffed, "Humph, he sure doesn't know how to put out a newspaper. Too bad the old fellow had to die. He sure was a good editor."

And the old editor, who was enjoying his first rest in many years over at Plantem's Funeral Home in a bower of lillies, just laughed and laughed."

State To Check On Vending Licenses

A statewide compliance check of occupational and vending machine licenses is under way, Nelson Perry, director of the field division of the Department of Revenue, has announced.

Occupational licenses cover ice cream, soft drinks, restaurants, pool tables, bowling alleys, theater seat tax, retail tobacco products and wholesale cigarette dealers.

Vending machine licenses are issued by the Department of Revenue and occupational licenses are obtained from the county court clerk.

Licenses were due July 1, and those found without them will have to pay a penalty in addition to the license, Perry said.

HOME LUMBER COMPANY ANNOUNCES CELEBRATION OF THEIR 35th ANNIVERSARY

On August 6th Home Lumber Company celebrated their 35th ANNIVERSARY. Thirty-five years of honest service to our customers. During this time we have helped many to own their own homes. By channeling all our earnings for many years back into the business and putting such other money as we could get into it, we have grown from a very small establishment to FIVE Large Plants: WHITESBURG—HAZARD—IRVINE—WINCHESTER and VERSAILLES. We are able to buy the smallest items we handle in large quantities and distribute same to our various plants and pass the savings on to our customers. We are not a "War Baby". We have not and will never engage in "Black Market" operation of our business. We neither buy or sell "The Creation", but we do buy and sell GOOD LUMBER and BUILDING MATERIALS and give honest, courteous service to our customers. We maintain a Purchasing Department at our Home Office in Winchester, Ky., trained and experienced men who know lumber and building materials. Our stocks of material are of the best and fairly complete. Call on us when in need of anything in our line.
